

The image shows two smartphones side-by-side, both displaying the same website page. The top status bar of each phone shows the time as 9:41 AM and a battery level of 100%. The URL 'acmed3.com' is visible at the top of the browser window on both phones.

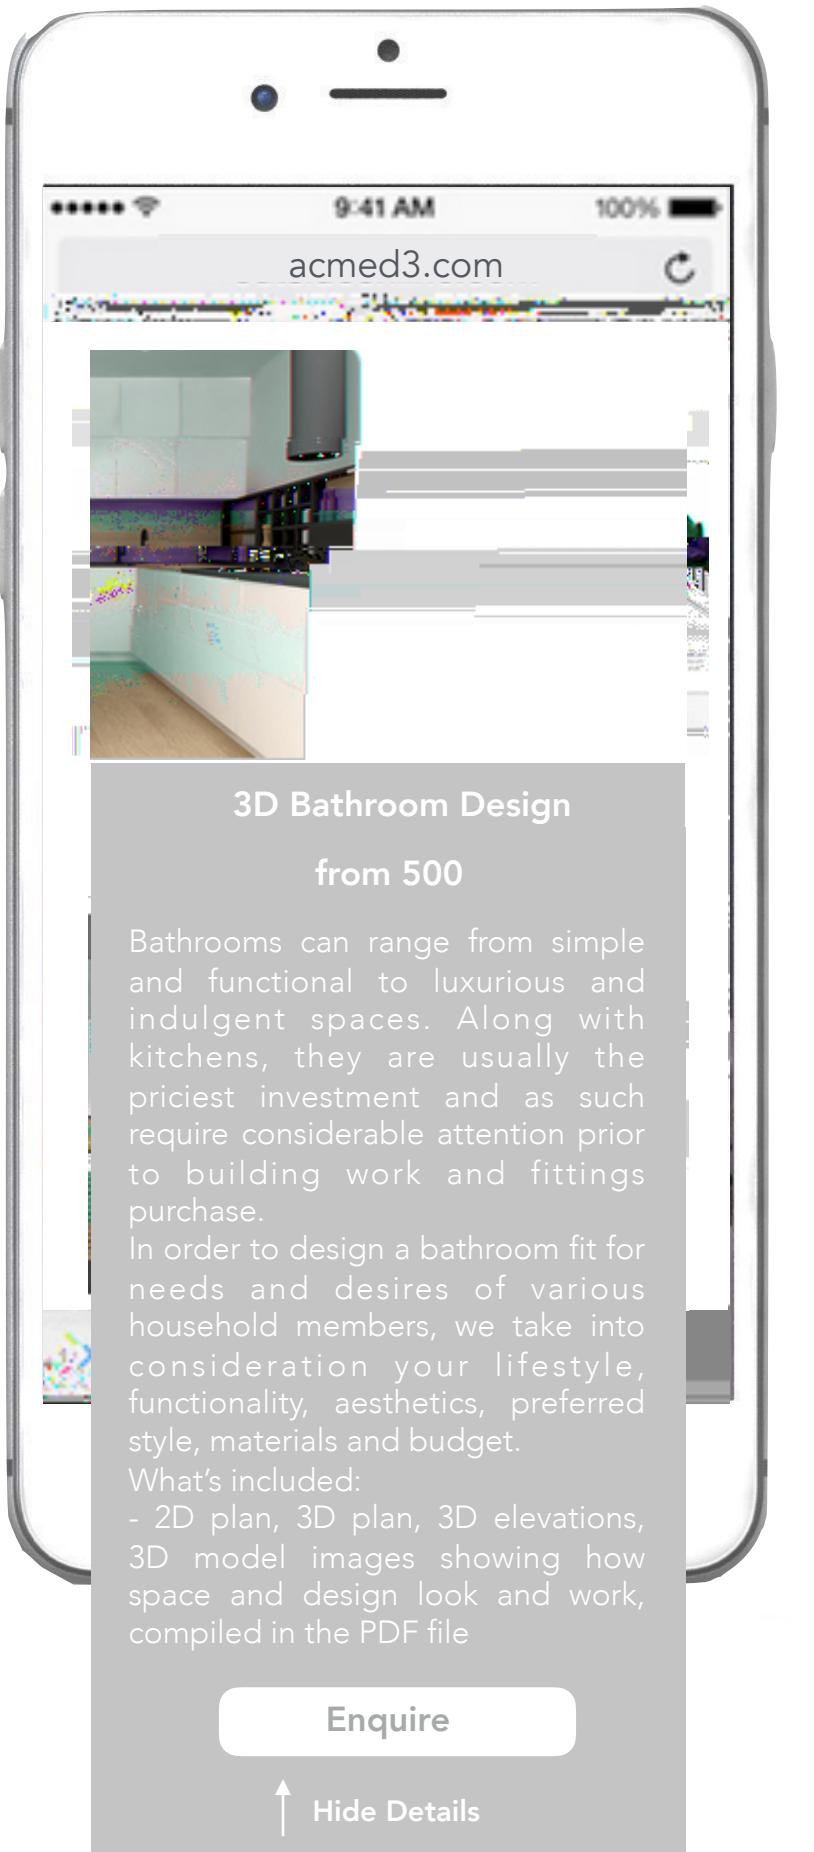

**Left Phone Screen (Step 1):**

- Section:** How It Works
- Step 1:** Your Design Brief
- Icon:** A clipboard icon.
- Description:** Tell us about what you would like to change or create. You can send us a brief or respond to a questionnaire.
- Icon:** A room plan icon.
- Section:** Dimensions
- Description:** To create a 2D plan or a 3D model of your space we need its dimensions and layout. Plan can be:
  - a simple hand sketch on paper
  - professional technical drawing
  - a room plan generated by smartphone apps
- Icon:** A camera icon.
- Section:** Images
- Description:** Not essential but help greatly - send us images of:
  - the space you want designed
  - reference images or links of things you like: design, art, architecture, details... You can browse our Pinterest page
- Section:** Step 2
- Icon:** A traffic light icon.
- Section:** Start Project

**Right Phone Screen (Step 2):**

- Section:** Start Project
- Icon:** A traffic light icon.
- Description:** Your project starts with approval of your brief, design fee confirmation and a collaboration service setup.
- Icon:** A circular arrow icon.
- Section:** Feedback & Revisions
- Description:** Your project may have a few options to choose from - collaborate online with our design team and consider what best suits your needs. Your feedback will inform the final design.
- Icon:** A location pin icon labeled LONDON.
- Section:** Londoners
- Description:** If you live in London you can follow all the steps above or choose our offline design services.
- Section:** Step 3
- Icon:** A room plan icon.
- Section:** Your Bespoke Design
- Description:** Congratulations!!! Now you have your bespoke design. According to your chosen design service you have everything necessary to make your first design steps or turn your dream into reality. Your custom design final edit will be sent as a file that can be printed or viewed on any electronic device, ready to be priced and commissioned.

Kada se klikne na 'Design Service' otvorit će se prozor sa objasnjajem  
(kao i na postojećoj mobitel verziji gdje za svaki 'servis' postoje dodatne slike)
